- **loan_investment_amount**
The principal amount of the loan or investment supported with SSBCI funds. This amount does not include any subsequent private financing associated with the loan or investment and any private financing associated with, but separate from, the SSBCI-supported loan or investment.
- **ssbci_original_funds**
SSBCI original funds expended. For CAP programs, this is the amount paid out of SSBCI funds to cover the Approved State Program's contribution to the CAP reserve fund. For Loan Participation or 'direct lending programs', this is the amount paid out of SSBCI dollars, of the Approved State Program's participation in the loan. If the deal is structured as two companion loans - one from the private sector, and one (upon which private sector financing is contingent) from the Approved State Program - then it is the value of the SSBCI-supported companion loan. For Loan Guarantee programs, this is the amount, paid for out of SSBCI dollars, actually set aside to cover the guarantee obligation. For Collateral Support programs, this is the amount set aside to cover the collateral support obligation. For VC programs, this is the amount invested by state-run venture capital program, or a fund in which the state-run venture capital program has invested, using SSBCI funds.
- **nonprivate_amount**
The amount of any public subsidy associated with the enrolled loan or investment that is from any source other than SSBCI.

- **concurrent_private_financing**
